Clubmaster VINTAGE

BRISTON 

## INSTRUCTIONS

BRISTON must be serviced regularly in order for it to work correctly.

The time left between services will vary depending on the model, climate and amount of care you take of your watch.

As a general rule, we recommend that you follow the steps below in order to preserve the condition of your watch as long as possible.

> Temperature: avoid temperatures exceeding 0/100°F; -20/+40°C and extreme conditions.

> Avoid prolonged exposure to sun, water and steam to prevent distortion and colour fading.

> Avoid contact with alcohol, perfume, detergents and cosmetic products to prevent corrosion.

> Chronograph buttons: do not press any watch or chronograph buttons while under water to prevent water from entering the mechanism.

> Screwing winder: screw the winder carefully to prevent any water entering the mechanism.

> Check your model's ATM level so that you know how deep you can use it. (5 ATM = 50 meters of depth – 165 feet). You can wash your hands but not swim with your watch.

*To remind, your BRISTON watch can only be used in the following conditions: washing hands & shower. DO NOT USE FOR DIVING ACTIVITY or other WATER SPORT.*

## SETTING THE TIME ON YOUR BRISTON

### a) Setting the time

1. Gently pull the winder out to the 1st position.
2. Turn the winder to set the hour and minute hands to the correct positions.
3. The second hand starts again when the winder is pushed back into its normal position.

## SETTING THE CHRONOGRAPH AND DATE ON YOUR BRISTON

### a) Setting the time: see previous page

### b) Setting the date

1. Gently pull the winder out to the 1st position.
2. Turn the winder anticlockwise to set the date. If the date is set between 9 PM and 1 AM, it is possible that it will not change the next day.
3. Return the winder to its normal position.

### c) Using the chronograph

1. Press button A to start and stop the chronograph (stop watch).
2. Press button B to re-set the chronograph (return it to its start position).

### d) Choosing the chronograph's start position

1. Gently pull the winder out to the 2<sup>nd</sup> position.
2. Press button A to set the chronograph second hand to the desired start position. Hold down button A if you want to move the chronograph hand forward quickly.
3. Return the winder to its normal position.

*You should also use this procedure if the chronograph hand does not return to its start position after you press button B, as well as when you replace the battery.*

## WARRANTY

Thanks to the BRISTON warranty, any BRISTON watch that has to be repaired due to a manufacturing fault will be repaired free of charge.

The warranty certificate must be completed, stamped and signed by the authorized BRISTON retailer.

The following damages or cases are not covered by the BRISTON warranty:

- > any damage resulting from inadequate or insufficient care, an accident or normal wear and tear;
- > the watch dial, strap, case, cristal K1, battery, strap links and any other accessory sold with the watch or contained in the packaging;
- > any complaint associated with damage or injury caused directly or indirectly by wearing the BRISTON watch;
- > a functional failure following the battery running out;

> loss of water resistance following exposure to water at a pressure greater than 50 meters OR loss of water resistance after using the watch or chronograph buttons under water OR damage following the use of alcohol or detergents OR significant damage or corrosion on the watch.

BRISTON will send a bill for its fees to clients claiming additional services or who are unable to present a valid warranty certificate.

The information above is classed as technical information and will be subject to final approval from BRISTON. All cases not covered by the above list will be dealt with accordingly. The information contained in this document belongs to BRISTON and may not be reproduced without its authorization.

Every BRISTON timepiece comes with a 2 YEARS INTERNATIONAL WARRANTY against defects in material and workmanship. This warranty covers all parts except the battery and all above mentioned elements.

We will not be responsible for any consequential damages arising from the ownership or use of timepiece.

Should your timepiece become inoperative due to a defect in materials or workmanship, please return it to our office.

In case of substitution of your BRISTON watch, we will always try to find a similar product for your best satisfaction. BRISTON can not guarantee exact & similar patterns or colors specially with the "tortoise shell" pattern as the cellulose acetate is handmade & unique.

Please include your watch, the completed warranty form (with stamp of the shop) together with your proof of purchase clearing stating the nature of the fault.

The limited warranty is void if the defect is discovered to be caused by abuse or tampering with the watch.

Please first contact the nearest authorized BRISTON dealer who will proceed with the return or repair OR contact our customer service by e-mail : [sc@briston-watches.com](mailto:sc@briston-watches.com)
